You Are Not Alone

I've been doing the MEN'S MEETING SINCE 2000.

- **Please rest assured that confidentiality is given highest priority.** Others attending are clients I know and trust and are all highly interested in confidentiality.
- **Impulsive, destructive and compulsive sexual behavior is a growing problem in the U.S. and can include a number of problem areas: pornography, affairs, etc.**
- **64% of Christian men are affected in some way by the above problem behaviors.**

Understanding the Issue

- Self-worth and dealing with loneliness and rejection
- **Stopping the addiction takes more than will power alone; if trying harder worked then there wouldn't be a problem! Isolation, loneliness, shame and secrecy are what feed the problem. No one recovers *alone!***
- **You must have the necessary tools, resources and the support of others. You must also learn to utilize God's guidance, strength, wisdom and His word to break free from the chains of this 'secret sin.' The only way out is to completely surrender.**
- **As you begin to experience God heal this unique problem, you will want to celebrate His transforming power.**
- **I will be sharing from a culmination of 20 years of experience researching and treating pornography.**
